ORGAN OF THE NATIONAL SOCIALIST MOVEMENT

Oct/Nov 1976

Everybody loves a SMEAR...

...especially a really juicy one between NS factions. The "armchair warriors" get almost as many thrills this way as they do from reading about our actual assaults upon the enemy. To them, smears are plain good fun! The Jews and the renegades however always get the biggest joy and satisfaction from them. But, in this particular instance, I think that the "Man on Franklin Road" (as Comrade Vincent so rightly summed it up) is being served the best. I can hear him now: "And another mutiny bites the dust!"

We've seen and have been involved in countless "family squabbles", not the least of which is the one we're all currently in with Franklin Road. The N.S.M. and the movement Chairman, Bob Brannen, were attacked in this manner earlier this year. But this is the FIRST time that I myself have ever been singled out in this manner. If it is true that one can judge a man by his enemies, then all I can say is that I must be doing something RIGHT!!!

But it is here where I draw a line and state that this case should not be enjoyable to ANY comrade, that we are NOT going to carry on in any mud-slinging campaign. I am not going to come out with any counter "open letter" because what we are involved in is NOT a family quarrel: We are dealing with INVADERS FROM THE OUTSIDE who are alien to us all... even from Franklin Road! This is the FIRST TIME, to my knowledge, that the movement has been threatened as a WHOLE from the OUTSIDE.

Before beginning to tear the smear directed against myself to pieces, bit by bit, for the sake of our loyal members and subscribers, I want to make this statement to my closest comrades: Regardless of what has been written and circulated about me and whether anyone chooses to believe it or not, I am not concerned. My sole aim in issuing NATIONAL SOCIALIST BULLETIN #20 was to warn the movement and head-off the massive infiltration which I knew was set to begin at any moment. In this, I am satisfied that I have succeeded.

Now, for those interested in more facts and my answers to the absurdities levelled against me in the "open letter" from Reedy, W. Va., I present more of the story:

THE ELEMENT OF SURPRISE

First of all, recalling from NSB #20, I told you that these people flatly dared me to try and expose them feeling confident that we simply wouldn't have the means. Also, should we scrounge together the means, they expected that I would fall for the same B.S. line that Dietz fell for and harp on about "conservative" versus "radical" wings of the NS movement. The latter, they REQUESTED - with a smirk - that I try! This would have served them beautifully! BUT I REFUSE TO EVEN SAY THAT THEY ARE NATIONAL SOCIALISTS!

They were, as indicated from at least one letter reproduced in the smear, tipped off that the N.S.M. was indeed going to warn its members and so they hopped to it and hastily set up the "open letter". In fact, NSB #20, had come off the press and was in the car with us when we paid a farewell visit to George Dietz in Reedy, W. Va., on Saturday, September 25th. Actually, I wanted to hand George an advance copy of the bulletin BEFORE mailing in hopes it might shock him into awareness. Bob Brannen and Greg Hurles - who seemed to be taking the thing even more seriously than I was - talked me out of it as useless.

As that visit transpired, they were right and I was wrong because, within the first five minutes of our entering the place, Dietz pulled his gun on me. (Go ahead and sue me, George, there are plenty of witnesses.) Next, Dietz and his little "helper", Thompson, tried to talk Bob into dumping Greg and myself in exchange for being "kept on" as nominal "Chairman" of their gimmick. By pure coincidence, Allen Vincent telephoned from San Francisco during this and was asked a SECOND time by Dietz if he would allow Dietz to use his money to print a COUNTERFEIT edition of our NS magazine! And for the SECOND TIME, Comrade Vincent said no.

LIE NUMBER ONE: Dietz told me before going for his revolver, that Allen Vincent had asked him to go ahead and run this COUNTERFEIT!!! Dietz DEMANDED that I turn over all materials to him to do this with! Within moments of that flat lie, Vincent CALLED AND DENIED IT IN PERSON!!! (Again, I'm ready for the courtroom if you are, George.)

So, instead of just myself having come face-to-face with this CONSPIRACY, we now had Bob Brannen and Allen Vincent. Next, THEY'LL be getting "open letters"! (Greg and I were outside - we had come unarmed - while they tried to persuade Bob to split the movement.)

So they didn't know what we had printed. But they figured they'd better get with it and try to create a smoke-screen to confuse the issue. (Incidentally, if they DIDN'T STEAL OUR MAILING LIST how in hell did each one of you happen to receive a copy of their smear?? A damned good question! One I wouldn't mind asking in COURT!) But the point is that they panicked, went off half-cocked, and tripped themselves up badly in the process. In essence, they confirm everything I warned you of in the last bulletin!

Now, here is a closer look...

As soon as the letter reproduced in the smear reached me in late August, I put two and two together and began preparing for the worst. I was aware of the fact that, at the time Dietz wrote that letter, "Der Führer" was in Reedy and very probably breathing down Dietz's neck as he typed. I was to have had a second meeting with the "Führer" on the coming weekend but I was told that he had begged off due to a sudden attack of hay fever and had beaten it back to Toronto.

The September material was in complete readiness at that time but after I began to sense the magazine's end coming up, I discarded my prepared editorial and wrote a very special one entitled, "The Great Family". In it, I planned to subtly prepare the movement for the sabotage that I guessed would be yet a few months off. The editorial stated that the movement was in a process of rebirth, that it was strong and getting stronger, that the only thing to concern us was a double threat: traitors to the movement and imposters attempting to slither in unnoticed.

The former everyone must know referred to Franklin Road while the latter alluded directly to this clique calling itself "White Power Movement". Of course, I didn't mention names. The demands placed on me calling for removal of so-called "profanity" and calls for so-called "illegality" had been met. The reason the September issue was stopped just short of the press was the inclusion of the double threat. Fools that they were though, they only were able to spot that I was speaking of Franklin Road! They didn't catch it that I was including them in there also!!

But it was interesting enough that they didn't want to expose Franklin Road.

It is true that Bob Brannen and myself knew what we might be letting ourselves in for before beginning the magazine. At the first meeting with the "Führer" we knew damned well there was definitely something "funny" in the wind. When this character told us that he had found himself while searching for a "Führer", I was strongly tempted to elbow Bob and say, "Hey, meet the "Führer"!" But I didn't. As far as Rockwell was always concerned, this was a cardinal sin. As far as we were concerned, the cat was crazy as hell.

Once you've been at this business as long as we have been and into it as deep as we've been, you get to rely on your instincts. To this "Führer", we took an instinctive dislike. Now, if we were the true National Socialists, as we knew ourselves to be, and if we knew that this "Führer" wasn't one of us, as he certainly was not, then WHO IN HELL WAS HE? We're still working on that one.

One slight hint I received from his "boy", Thompson, was that he was supposed to sit in on this White Confederacy congress in Chicago as some kind of an "observer". I was told that he would be there to "size us up", to see whether we were worth a damn or not, and, if not, Thompson shrugged, we'd have to "go." You can figure that one out for yourselves. For myself, in view of what has happened, I'd like very much to be able to give everyone at the congress a personal introduction to everyone (all THREE of them) mixed up in this shabby plot.

GET IT STRAIGHT

So they would have you believe I am a "glory seeker", out to get my "name in print and become known throughout the White Man's Movement". Did they bother to inquire WHY my name hadn't been known throughout the previous TEN YEARS of my association with Franklin Road? I personally dislike my name publicized and my previous record demonstrates this. Only when I saw that I was the only one in a position to render a crucial service to the movement did I decide to come out and,

at the request of Bob Brannen, edit his newsletters. Now I'm embroiled in this mess and my name is probably on their "list" because of it but I don't care. It's part of the job.

Regarding my "editorial policy" and their intimations that I printed things that I myself didn't stand behind, Rockwell said never to ask anyone to do anything that you wouldn't be willing to do yourself. I subscribe wholeheartedly to this. Another careful omission of theirs was that I only undertook my part in the N.S.M. after I had been released from PRISON having completed a six-month sentence for RACIAL ASSAULT. "Phony NS terrorism"? Hardly! As for "no guts", well, George, if you want to check this one out - lay down your gun and we'll go at it with fists or knives. Or, keep your gun but let me have one too next time! Not only do I not want my name "in lights", neither do I desire to be a second martyred Joe Tommasi!

Tawdry publicity? Wasn't it Hitler that said that any publicity was good publicity? Or DON'T YOU subscribe to Hitler's words - or ONLY when they are CONVENIENT? (Incidentally - WHEN WAS THE LAST TIME ANY OF YOU CLOWNS WERE IN UNIFORM ON THE STREET???) Personal vendetta? I challenge anyone to name any good comrade who doesn't want to see the betrayal of Rockwell's Party and the murder of Tommasi avenged! Personal... MY ASS!!! Pull you into the cesspool? Hell, I crawled OUT of yours last month! Not in the interests of the Race? I will ask everyone to recall who initiated the magazine and who reneged!

A CRITICAL NEED POINTED UP

There is the business of four-letter words being used in the magazine. Again, yes, I not only printed them - I USE THEM in everyday affairs! I do not mince my words. Believe me though, I was chided by both Frank Collin and Allen Vincent for this and - even as the letter Dietz reproduced at the end of his smear proves - I had agreed in AUGUST to discontinue their inclusion in material that reached middle-class, family people. Indeed, no such language was included in the September issue as I have the IBM recording sheets to PROVE it. So this is a non-issue. They would have you believe that I INSISTED upon it. It is another lie.

But, through this, one thing has become very clear. The movement needs not just one professional, central publication - it needs TWO. We need one for the mass movement comrades and another one for the political guerrillas so that we both can speak our own language freely without harming either's strategy. Why didn't these publishing wizards in West Virginia think of this instead of using it as a PRETEXT to pull the plug on our magazine?

GETTING DOWN WITH IT

These people tried their damndest to embarrass me with their "open letter". Obviously, that has fallen flat. Now - and here's where the FUN comes in - it is MY turn...

The marvelous hospitality that Mrs. Dietz extended to me during last summer was something I'll never forget. As much of a home person as I am, at no time during my stays in the Dietz home did I feel even a twinge of homesickness. In fact, I don't think anyone APPRECIATED that lady's kindness and concern more than I did and still do. She WORRIES about her family and her husband and is dreadfully afraid that this current mess he is involved in will destroy their home. He has just about BLOWN the last cent of a small fortune and the bills pile up. During our association, we gave him in trust our subscription fees to help pay for things. I spent long hours setting up for him his "Liberty Bell" plus binding his books for him. Very little actual time went into the "National Socialist".

Now, he has pulled this dirty stunt on us and has taken up with a crowd who cons him into printing THOUSANDS of crack-brained books which continue to PILE UP TO THE CEILINGS. (This kind of idiocy knocked out the chance of a pictorial

biography of Rockwell that I had offered him and which he had stated much earlier would be presented at the Chicago Congress! Before I left him, he said that he no longer wished to "resurrect the dead".) Nonetheless, his wife handles most of the office work alongside running her household! I wish I had a dime for every time I pleaded with her to SLOW DOWN and rest. Finally, on September 11th, she suffered an attack of severe chest pains.

And, no, George, I had absolutely no intention of bringing to Reedy any "young fillies" while your wife and daughter were away in Canada last summer as you suggested. And, if you still intend to "end up in bed" with anyone in Chicago, you're going to have to not only make it there on your own now, but you'll have to find something on your own also!

What I am wondering most right now is whether or not Dietz has taken out that "mortgage on his wife" that he told me he would do in order to hire a professional printer to fill the gap when his son finally got fed up with conditions and QUIT! I was shocked by that statement at the time and still am. That lady deserves far more than that! (That one would sound BEAUTIFUL REPEATED UNDER OATH!)

Though I was alone with Dietz and Thompson at the time, I am prepared to SWEAR IN COURT that Dietz called Rockwell "a pipe-smoking fool". It is simply plain fact that he made the statement.

The two most DAMAGING & IRRESPONSIBLE statements made in the smear I will deal with now: I am supposed to be about to attack James K. Warner according to Dietz. First, anyone interested, please contact David Duke and/or Karl Hand and ask them what they know of this! Second, I was recipient of an attack upon J.K. Warner which was being circulated some months ago anonymously. Dietz requested a copy of this attack right away. ASK DIETZ TO DENY THAT HE HAS A TYPESET VERSION OF THAT ATTACK ON FILE RIGHT NOW AWAITING "THE PROPER MOMENT", to use his own words!

At the time Dietz had a copy of this attack upon Warner in his possession, he attempted to use Duke's and Warner's New Orleans convention as a JUMPING-OFF POINT for this damned "White Power Movement". He complained BITTERLY when Mr. Tom O'Brien, of David Duke's staff, politely told him to forget about any such notions where THEIR organization is involved. In essence, I told him the same thing. But they haven't attacked O'Brien or Duke over this... Why? Because, as far as Duke or O'Brien are concerned, this "White Power Movement" is just another money-making scheme and they let it go at that.

WE KNOW DIFFERENTLY AND REFUSE TO LET IT GO!

The same difference as between the attempted rape victim who doesn't report the crime and the one which does!

BUT THE THING WHICH INFURIATES ME THE MOST IS THE STUPID WAY DIETZ FELL IN LINE WITH FRANKLIN ROAD AND THE GOVERNMENT IN HELPING TO SPREAD THE VICIOUS LIES THEY CREATED AGAINST FRANK COLLIN!!! THEY MADE THE STATEMENT AND THEN PRINTED IT!!! THIS IS UNFORGIVABLE!!!

THE CAPPER

The threat telling me to back off or else they can shove up their asses! Same goes for the idiotic invoice!

BUT - HERE IT IS... How many smears have YOU seen in the past carrying not one, but TWO sales pitches in the back? And what name do they bear?? WHITE POWER PUBLICATIONS!!! And at the bottom of page eleven what do you find? A SUBSCRIPTION OFFER TO THE NATIONAL SOCIALIST MAGAZINE!!!

They should have waited and at least read what I said BEFORE coming out with their own version. They have CONFIRMED EVERYTHING I TOLD YOU OF! We are dealing, obviously, with CHILDREN only working for the BIG BOYS - or "Big Brother", if you will.

If you haven't got your letter out yet, what are you waiting for?

WE ARE SORRY, especially to all our new people, to have to come out again with the foregoing dreary business. It may be "fun" to read but it accomplishes actually very little except possibly to allow you to become familiar with some of the old "routines" which have afflicted the movement from the "Year #1" without having to undergo and experience them yourselves.

We are back in the saddle again and the movement goes forward. The creeps who pulled the gimmick with the magazine will be dealt with and you'll be able to read about them in the newspaper. We'll try to waste as little space on them as possible in the future but we will not stand idly by and allow ourselves to be smeared. Neither will we threaten anyone with "legal proceedings". Our scores are settled out of court.

MOVEMENT NOTES

The practice of publicizing all affiliates of the White Confederacy was instituted by the N.S.M. with the April edition of the OHIO NATIONAL SOCIALIST and was continued by us in the NATIONAL SOCIALIST.

We are informed, to our pleasure and delight, that there are two new member groups in the WC now:

National Socialist White Workers' Party, Leader: Allen Vincent, P.O. Box 1981, San Francisco 94101

United Klans of America, Leader: Van Loman, P.O. Box 31, Miamitown, Ohio 45041

We welcome the two organizations of these friends and comrades whom we well know and look forward to their attendance at the next WC congress at Chicago. As that event is drawing so very near, we shan't reproduce the old WC membership roster here because, we are sure, that the number to be added to it has practically doubled. Following the WC congress, we will submit a full report to the membership along with a new, complete and updated roster of WC members.

FROM THE NSDAP-AO, of Comrade Gerhard Lauck, word reaches us that a comrade, Gunnar Pahl, has been arrested and jailed in Belgium. Comrade Pahl faces extradition to Italy to face unspecified charges. He only recently was freed from a Yugoslavian jail where he had been tortured by Communists.

Comrade Pahl is a citizen of West Germany and we urge all our comrades to send letters of protest to the German consulate in Belgium that they release this comrade allowing him to return to his home. The consulate address is:

German General Consulate

Huidevettersstraat 38-40

Comrade Pahl would like to hear from any of his comrades who would care to write to him directly. His address is:

The idea is not to build a big list. It is to get into touch with comrades who are sincere and know what they're doing. The idea is to let you know who to get in contact with in your own area if you are wanting ACTION. These people have our support and as long as they care to operate with the N.S.M. we say to them... WE WILL NEVER BETRAY YOU!

Dr. Pierce Tells It Best!

The NATIONAL ALLIANCE and its two publications: ATTACK! and ACTION! are doing the BEST job of any of us in getting the higher message of the movement across like its never been tried before. The head of the NATIONAL ALLIANCE is Dr. Wm. L. Pierce, a man we've known, trusted and admired for a long, long time.

Dr. Pierce was largely responsible for seeing to it the Rockwell's movement didn't die during 1967/68. He served with the NSWPP through 1967-70 as Party Information Officer, was the creator of the White Power Message, was General Secretary of W.U.N.S., was creator of NATIONAL SOCIALIST WORLD, and first created the NS student's group known as "National Socialist Liberation Front" in 1969. He was the man who also hired this editor onto the NSWPP staff in 1968. Dr. Pierce was the second NSWPP officer to be alienated by Franklin Road (the first was Frank Collin.)

But for the stupidity of Franklin Road, Dr. Pierce would still be putting all his skill and energy into open National Socialism. Dr. Pierce's case is a different one than most. He has given up more than most on the outside by dedicating his life to the movement. The rest of us had little to lose in any event. The plain bull shit thrown at him in 1970 by Franklin Road was too much to take. He didn't wish to create a rival faction (though he COULD HAVE legally thrown Mr. K into the street) and, from the shabby "surprise party" thrown by Franklin Road in July of 1970, he rightly deduced that the movement, at that stage, was a coterie of fools.

Dr. Pierce is the ONLY ONE that we would back who does not use the Swastika. We know him too well and we see that what he writes is as far advanced National Socialism as has yet appeared in print. We come in only a close second to him in movement philosophy as we and our comrades of the NSLF spend our time in expanding on the "how" of it rather than the "why". He has a GREAT thing going and we say that his is maybe the ONLY publication from which we could learn something!

Anyway, we're not going to try and copy or borrow from him. He seems to be way out front and we don't believe in duplicating efforts in any event. Also, within the same movement, the duplicating of effort amounts to rivalry and because the NSM is sworn to knock out such political chiselling, we aren't about to be found guilty of it ourselves. We believe in SPECIALIZED activity with the BEST IN THE FIELD having the corner. Dr. Pierce is the BEST in getting across the SPIRITUAL angle of this thing.

We want our people to not miss out on this. We don't want you to forget us who are stuck with the dirty work, but we would like to see you as a regular supporter of the NATIONAL ALLIANCE. Even a minimal pledge will bring you regular copies of ATTACK! and ACTION! These contain a message you need to know. His message is PURE National Socialism. Contact the NATIONAL ALLIANCE at: P.O. Box 3535, Washington, D.C. 20007.

In Defense of Wilhelm II

Kaiser Wilhelm may have been a lot of things. He may have dismissed the Iron Chancellor of the Second Reich, Bismarck, he may have stacked the German government of that day with Jews, and he may have copped out on his country at the end of World War One. He may have pulled a lot of political errors but this is one instance where something I've uncovered can't be ignored even though it has little to do with the struggle today.

Most everyone is familiar with the name of "the Hideous Hun" or so the Germans were branded during the First World War. Those of us even partially aware of the Jewish hand in twisting identities have known for a very long time that, far from being the Huns, it was the Germans who were largely responsible for throwing the Asiatic, Mongolian Huns out of Europe and driving them back into Asia.

But the actual origin of that "Big Lie" of WWI, the "Hideous Hun", seemed to be a mystery. Seldom do the Jews just pull a fabrication out of the hat. Their imaginations aren't that fertile. Always, their lies are based in an element of history or truth, no matter how tiny. Several books, authored by Jews and would-be Jews, have claimed with a straight face that it was Kaiser Wilhelm himself who took the label of "Huns" for all Germans boastfully.

By accident, I ran across Wilhelm's actual words on the subject. The year was about 1900 and the occasion was the Boxer Rebellion in China. The Kaiser was dispatching German troops as part of a European and American effort to suppress the Chinese revolt. These were his words to his troops:

"If you meet the enemy you will beat him. If you take prisoners their lives will be forfeit to you. Even as a thousand years ago the Huns under their King Attila made their name... so may the name of Germany stand in China by your deeds for a thousand years, to such a degree that never again will a Chinese dare look twice at a German!"

There is where the Jews took their idea for the "Hideous Hun" myth. Can any objective mind mistake what Wilhelm was saying? Recalling the horrors and

outrages committed against Europe a thousand years prior by Mongolians, he was exhorting his troops to exact vengeance against the Asiatic on his own ground. Only a Jewish mind could take that and twist it to mean anything else.

It means little today. World War Two brought forth a much bigger lie than the "HIDEOUS HUN". That one has been spiked too but it is always interesting and important to be reminded that the Jews have been busy this way all throughout history. Their method always seems to be the same. Take hold of an existing saying or happening and twist it out of proportion. It may not be "nice" but it has worked wonders for them. And it is a simple technique if only we keep our eyes open for areas in which to use it toward our own ends.

Sorry For the Delay

The N.S.M. has ready right now the most extensive listing of original A.N.P. literature and other memorabilia ever assembled anywhere. This was originally advertised in the July issue of the NATIONAL SOCIALIST and we received many inquiries at that time. However, we were plagued by unforeseen circumstances which caused a delay of several weeks in getting out the requested price listings.

All back inquiries have since been taken care of and we are ready to receive yours. Don't let price scare you off - we have so much of this that it is priced to sell quickly and not just to collectors but to all NS comrades who would like to own a piece of the old A.N.P.

Of very special interest are the George Lincoln Rockwell signatures that are available. We have these only in a very limited number and once these are gone, it could be a very long time before more are found. With next year being the tenth anniversary of Rockwell's assassination, everything concerning Rockwell and the A.N.P. will begin taking on more and more value.

Send stamped, self-addressed envelope with your A.N.P. inquiry for a complete price listing to: N.S.M., P.O. Box 41503, Cincinnati, Ohio 45241.

Getting Ready for the WC Congress

This will be the last communication from the NSM to the membership and the subscribers until after the Chicago convention. Of course, that event may be upon us even before you are able to read this bulletin. It is only just around the corner at this writing.

This will be the most historic, significant gathering of American National Socialists EVER. Not a boast, a statement of fact. Never will there have been such a gathering of movement officers and leaders. The most important aspect to be remembered always is that we will be coming together in a spirit of concern. We will not be coming to listen to one "almighty" tell us how he thinks it is but, instead, we will be there to tell one another how it is around the country and to add all our individual knowledge and experience into the formation of something new and totally unbreakable.

It will be a congress with a DIFFERENCE!

No Sell-Out

Members, Supporters and Comrades:

It is time that you hear from me as to the situation concerning our periodical, the NATIONAL SOCIALIST, and just what did occur.

After the April issue of the OHIO NATIONAL SOCIALIST, we received contact from the printer of the "Liberty Bell" of Reedy, West Virginia, asking us what he could do to help. From all appearances, he was honest and sincere and delighted at the opportunity to help the National Socialist Movement in any way that he could.

His offer was most generous - almost too generous to believe, too good to be true - but he did own printing presses and was heavily involved in publishing and did state that paper, ink, etc., would be of little consequence. Only the postage for the mailing would be required and this, he stated, he could recover if we permitted him to run a full-page ad in the magazine for the books and pamphlets he had for sale.

Being realists, we know how the book business is - some months you have sales, some months you sell nothing - so, in all fairness, and without his asking, we told him we would turn over all subscription monies collected to him so as to keep him solvent and pay for the cost of the operation.

Now then, all was harmonious for three months, with our editor travelling to Reedy regularly to set up the magazine and even staying there to help with the mailing of the NS plus the other publications coming from there. When our editor arrived there in September to begin our September issue, a character named Eric Thompson, also known as Eric Campbell and Eric Duncan, had moved in ostensibly to "help" Mr. Dietz and also to keep him under control because Mr. Dietz had printed the booklet "POWER STRUGGLE" which Thompson had told our editor had been a grave mistake. The booklet attacked Matt Koehl and called on all true National Socialists to join forces and rebuild the movement.

Mr. Dietz, after printing and publishing for us three issues of the NS now said he could print no more radical statements the kind of which we supposedly had in our editorials and Comrade Ray Chaney's "Living Underground" because the FBI might knock on his door.

But his name did not appear in any of our publications and all statements of a so-called "revolutionary", extreme radical nature are attributed to the individuals writing them - So just what in the hell was his sweat? His sole job was to print for us only and not to dictate to us what we were to say, write or advocate.

Also, this character - Thompson - stated to our editor that he had been sent there to disrupt and stop us.

I personally made the trip to investigate this and talk it over with our printer along with Mr. Mason and Mr. Hurles. On arriving, the printer pulled a gun and ordered Mason and Hurles out of the office. In my talk with him and Thompson, in which I let them do most of the talking, it came out. Okay - he would print our September issue and future issues for me if I would drop Comrade Mason and Chaney. In other words, sell out my comrades. There is much more but it would be too extensive to be covered here.

Basically, it is this: These men are in the process of starting THEIR OWN movement, called "White Power Movement", but it is on paper only as none of them are willing to use their own names in it and, in fact, are using three or four aliases. Something stinks to high heaven.

Also, since George Dietz saw fit to use our mailing list to distribute a mass mailing of a ridiculous invoice or billing contrary to our verbal agreement, it is now obvious that they are out to smear us. The point of fact is, the September issue was to be printed in the thousands and paid for by cash with him making a profit - which he now refused.

Now tell me what kind of a businessman who claims he is losing money refuses to make a good, hefty profit? Like I said before, something stinks to high heaven.

The crucial points involved here that must be remembered are:

(a) We are not sell-outs

(b) Mr. Dietz sold us out thinking that, with his new "advisor", he could run the whole show

(c) To top it off, they are mad at us because - after we did not sell out - we exposed their attempt to start a counterfeit movement - the "White Power Movement".

The lesson learned here is to ALWAYS BEWARE of "Greeks bearing gifts". And, naturally it goes without saying, beware of ANYONE USING ALIASES. Anyone who is honest and straight-forward never needs to hide his identity.

I must admit that I feel sorry for Mr. Dietz who has printed thousands of books for these people which he literally has stacked to the ceiling while hoping to sell them and perhaps recover some of his money he has tied up in them which runs in to THOUSANDS of dollars (not \$500.00!)
